

# TSB Program Tracker Report

## 4/2004

Program	Title	Reported By	Problem
AGB239	Embedded in AGB237 (Farm Quest.)	Janet/TSB	When option 7 is selected to send questionnaire randomly, the mailed date is updated to current year, except it still has a hard coded "19" for the year.
AGB451	Land to Parcel Master Edit	SandyD/TSB	The report is not picking up parcels that do have an amount in the quantity, but do not have "AC" in the unit.
AGO451	Rural Investment Update	Rebecca/Idaho	Do not allow invalid characters in the date field.
AGQ470	Base Cost Listing	Rhonda/Lemhi	If you accept the printer default, you get an error.
DFB010	YD - Print Tax Bills	Cheryl/Bonner	Use TXB014 to find tax year.
DFO030	Deferred Tax E/U (Assessor)	Karen/Benewah	1. Not all data is displaying on the screen. 2. When put report on hold, it seems to disappear.
FIXOA	Clear OA Indicator	Teresa/Benewah; Jo/Elmore	NEW - Clear Other Adjustment indicator in RC/MF if no OA record exists.
FPB360	Fire Protection Name/Address Change	SandyD/TSB; Victoria/Bonner	1. Report not going to requested printer. 2. Receive error msg if UALOG103 does not exist.
FPB371	FP-Deleted Accounts List	Jo/Elmore	Add acres and categories to the report.
FXMHOA	Fix MH Other Mult Indicator	Teresa/Benewah; Jo/Elmore	Some counties have MH records with an other multiplier indicator, but no actual other multipliers. Gives edit msg. Clear out this incorrect indicator.
GIS Linkage		GIS	Change to work with ProVal Plus.
GIS Linkage	AS400/ProVal Link to GIS	CindyLou/TSB	1. Only use ProVal data if it has been reviewed (only use if RC does not exist on AS/400). 2. Needs to work for Counties with ProVal passwords. 3. Need load instructions for ProVal only counties.
GISSYSINFO	GIS Linkage	Lisa/Fremont	Needs to be able to work with XP operating systems.
MHB002	Roll MH Values into PM	Janet/TSB	Use member UAVIM/UAVCAT00 to determine categories that could be in the MH files. (So the correct cats will roll in and value does not double.)
MHO001	MH Update	SandyD/TSB; Glenn/TSB	1. When go from inquiry to entry/update, carry the parcel # over so you don't need to reenter it. 2. When deleting and renumbering sheets, the Parcel Master last number record is not being updated.
MHO001	MH Update	SandyD/TSB	1. What does the 'F9=Log Rcd' mean? (Added an explanation to the on-line help.) 2. In the on-line help: correct spelling error and F10 works incorrectly.
MHO007	MH Inquiry	SandyD/TSB	When go from inquiry to entry/update, not carrying over the parcel number.

<b>Program</b>	<b>Title</b>	<b>Reported By</b>	<b>Problem</b>
MSB005	Copy Spool File to Tape	Gary/TSB	Can only have a max of 6 characters for the volumn (county) name - entry field allows more and program gives a CPF msg. Change entry field to only allow 6 characters.
PAO002	Public Access Preference E/U	Trudy/TSB	1. Does not allow the ability to delete a user ID. (Add F23 to do this delete.) 2. Allows a user ID to be added with zeros in the indicator fields - zero should not be a valid entry.
PAO910	Public Access - Tax Master Inquiry	Cathi/TSB	Recompile for new file length to accommodate option to include core numbers on TXB040.
PAO912	Public Access - Tax Transaction Screen	Cathi/TSB	Recompile for new file length to accommodate option to include core numbers on TXB040.
PAO914	Public Access - Parcels with Same Core #	Cathi/TSB	Recompile for new file length to accommodate option to include core numbers on TXB040.
PAO920	Public Access - Tax Due Inquiry	Cathi/TSB	Recompile for new file length for UADTAX1.
PMB005	Abstract - State Copy	Geri/Bonneville; Kathy/Teton	1. Spec factor 8 is not picking up the description override - prints "Reforest" instead of "Spec Homesite". 2. Not including cat 49 values in the class totals.
PMB011	Audit Trail	Vivian/Blaine; Lisa/Fremont	1. Add option to the preference file to automatically end all UAD sessions when audit trail starts. 2. Add option to print Sales Verification letters on laser printer.
PMB011	Audit Trail	Geri/Bonneville	Add code to run PMB046 - the PP Subclassification changes - in Audit Trail so that they can be checked for accuracy.
PMB014	List Non-Applicable Specials	Gary/TSB	1. Page count off on the summary report. 2. When request summary, also get a blank detail report. (Should not.) 3. When request detail report, also get a summary. 4. Add "Detail" to the report heading for the detail report. 5. Need total and count at end of detail report. 6. List the parcel key. 7. Add prompt responses to end of detail report.
PMB016	CB Prelim Reduction Roll	Claire/TSB	Would be great if we could add a tax estimate (current CB value times last year's levies).
PMB018	Audit Trail Report	Geri/Bonneville	Add code to run PMB046 and print any changes made to the PP Subclassifications.
PMB019	Audit Trail Forms	Lisa/Fremont	Add a preference for sending sales verification letters to a laser or AS/400 printer.
PMB028	Special Codes Edit	Trudy/TSB	The report is not very user friendly: 1. Print messages on separate reports - should make really important msgs easier to find. 2. Add an edit msg for "Duplicate Special Codes". 3. Recheck the edits to verify they are reporting correctly.
PMB032	Property ID Job Stream	Alan/STC; GIS	1. Breakdown into Urban and Rural totals. 2. Modify for tax code area.

<b>Program</b>	<b>Title</b>	<b>Reported By</b>	<b>Problem</b>
PMB033	Urban vs Rural Values by Cat	Alan/STC	Accumulate full and taxable value for each category, separated into urban and rural components.
PMB034	Owner Occupied vs Non	Alan/STC	Accumulate total taxable value for each residential or MH category, separated into owner-occupied and non-owner-occupied.
PMB035	Freq Distr Including Resd Land	Alan/STC	Accumulate count and value of owner-occupied and non-owner-occupied residential parcels, including value of residential improvements and residential land only.
PMB036	Freq. Distrib Excluding Resd Land	Alan/STC	Accumulate count and value of owner-occupied and non-owner-occupied residential parcels, including residential improvement categories only.
PMB037	Vacant & Imp Resd Lots	Alan/STC	Accumulate by category total values and parcel counts for vacant and improved residential lots. Separate by urban and rural.
PMB039	Cancel Jobs Using UAD Files (Audit Trail)	Vivian/Blaine	NEW - Option to cancel all jobs using UAD files when Audit Trail is started. (Is now part of the Audit Trail preferences.)
PMB046	PP Subclass Changes from Audit Trial	Geri/Bonneville	NEW - Program that will print what changes were made to the PP Subclassifications and print them out during Audit Trial. (Can also be printed using PMB018.)
PMB062	Assessment Notices	IAC; Glenda/Bingham	<ol style="list-style-type: none"> <li>1. Give option to print estimated tax.</li> <li>2. Give option to print prior year's tax.</li> <li>3. Give option to print comments out of the head file on the notice. (Wanted to eliminate the need to send a reminder notice by having the comments print on the Assessment Notice.)</li> <li>4. Show any casualty loss/hardship adjustments.</li> </ol>
PMB069	5-Year Appraisal Report	Rhonda/Lemhi	Not picking up 2004 review year in the subsystems.
PMB081	Inactive Roll	Gary/TSB; Lisa/Fremont	<ol style="list-style-type: none"> <li>1. Give a distinctive name for each report generated. (eg. PMB081A, PMB081B, etc.)</li> <li>2. When rolling "A" to "T", change the "TypePin" in the ProVal log file to "IP".</li> </ol>
PMB112	Embedded (2" Labels)	Cathi/TSB	Recompile for new UAATPF00 - Add the option to automatically end all UAD sessions when audit trail starts.
PMO005	Front End for Abstract	Bonnie/Jerome	<ol style="list-style-type: none"> <li>1. Label the columns more clearly and underline the data entry fields.</li> <li>2. Edit for invalid code area and category.</li> </ol>
PMO011	Audit Trail Prompts	Cathi/TSB	Add option to the preference file to automatically end all UAD programs when audit trail starts.
PMO019	Audit Trail Forms	Cathi/TSB	Recompile for new UAATPF00 - Add the option to automatically end all UAD sessions when audit trail starts.
PMO062	Entry/Update Tax District Info (for Assess Notice)	Sharene/Wash	<ol style="list-style-type: none"> <li>1. "Successful" misspelled.</li> <li>2. When move around on the screens, partial screens are appearing.</li> </ol>

<b>Program</b>	<b>Title</b>	<b>Reported By</b>	<b>Problem</b>
PMO063	Assessment Notice Inquiry	Geri/Bonneville	Would like to choose whether the printed notice says "copy", "corrected copy" or neither.
PMO080	Parcel Master Entry/Update	SandyD/TSB	Get an error msg when a PP parcel is selected. (In conjunction with the QIE changes.)
PMO083	Misc Info E/U Window	Rhonda/Lemhi	Change prompt "ProVal Area #" to read "Cama Area #" to match all other reports.
PMO087	Embedded (Report Code)	Glenn/TSB	Received error "Attempt to write duplicate record on UAITSLO0".
PMO098	PP Category Sub-Class Entry/Update	Geri/Bonneville	Log PP Subclass changes so that they can be picked up and reported through Audit Trial.
PMO184	Solid Waste Window	Victoria/Bonner	The solid waste window is clearing the PM Inquiry window - just overlay it.
PMO200	Split/Copy/Change/Combine	Vivian/Blaine	Need to change entire subdivisions (condo/townhouses) to inactive. Please provide limit selection. (Added "Beginning Parcel #" and "Ending Parcel #". Program will pick up all parcels in-between. If no "Ending #", program will only copy "Beginning #" to inactive.)
PMO201	Embedded (Split)	Gary/TSB; SandyD/TSB	1. When splitting "I" parcels, check for active parcel with same number. Treat all subsystems on the "A" as if they were on the "I", giving users the ability to copy them to new parcels. 2. RC sheets not going to correct parcels.
PMO202	Embedded (Change)	Gary/TSB; Missy/Nez Perce	1. When splitting "I" parcels, check for active parcel with same number. Treat all subsystems on the "A" as if they were on the "I", giving users the ability to copy them to new parcels. 2. Add help text. 3. When # change to "I", it moves all of the history records to the new #. Modify program so that it does not change parcel number on history records.
PMO203	Embedded (Combine)	Gary/TSB	1. When splitting "I" parcels, check for active parcel with same number. Treat all subsystems on the "A" as if they were on the "I", giving users the ability to copy them to new parcels.
PMO253	New Construction Inquiry	SandyD/TSB	1. F12 key is not working. (Cancel) 2. Create on-line help. (F4)
PMO254	New Construction History	SandyD/TSB	If hit F1 from the history screen and the parcel has no history, strange info appears in the year field.
PMQ029	Specials - List Parcels with Exempted Date	Gary/TSB	Add Special Amount & Total columns.
PPB070	Print PP Decs with & w/out Inven	Mike/Fremont	Parcel type selection is not working correctly.
PPB070	Print PP Decs with & w/out Inven	HB453; Sandy/Twin Falls	1. Modify to print two lines for records with Qualifying Investment Exemptions (QIE). 2. Print "Date in Service". 3. Receiving data decimal error.

<b>Program</b>	<b>Title</b>	<b>Reported By</b>	<b>Problem</b>
PPB070	Print PP Decs with & w/out Inven	Janet/TSB	Change program printing to match the new PP Dec form. (Added "Date in Service" and changed other column sizes to accommodate for HB453.)
PPB073	PP Unreturned List	Walt/Blaine	Program is not listing parcels that do not have a PP category in Parcel Master.
PPB075	PP Inventory List	HB453	Modify to print 2 lines for records with the new Qualifying Exemption Investment (QIE). Print "date in service".
PPB076	PP Cat Recap with Inventory	Cathi/TSB	Modify to accommodate the QIE exemption.
PPB079	PP Roll Values	Geri/Bonneville	Modify to allow for new QIE exemption.
PPB080	PP Inv List from Audit Trail	HB453	Modify for new Qualifying Investment Exemption (QIE).
PPB122	Embedded (Change Function Codes)	Janet/TSB	1. Was switching FC322 to FC372, should be other way around. (Since there have not been any function code changes in the last several years, this program has not been called, but needed to be fixed for any future changes.) 2. Program name on report was incorrect. (Said FIXFNC instead of PPB122.)
PPB123	Change PP Schedules in Mass	Jim Powell/PAB	Change Function Code 296 to point to schedule 35 (instead of schd 2). *Was sent with PP Schedules.
PPB177	PP Re-Array Inventory	Geri/Bonneville	If you cancel the program before it completes, it will not let you rerun the program until you clear the temp file. (Needs to clear itself.)
PPO003	PP - QIE Inquiry	HB453	NEW - to accommodate HB453. Qualifying Investment Exemption Inquiry. (QIE)
PPO004	PP - QIE Entry/Update	HB453	NEW - to accommodate HB453. Qualifying Investment Exemption Entry/Update. (QIE)
PPO100	PP Inquiry	HB453	For HB453 (QIE information) - call new program PPO003.
PPO105	PP Inventory Update	HB453	Run the new program PPB072 when a record with a Qualifying Investment Exemption (QIE) with a recapture date greater than current date is present.
PVB003	ProVal-Roll Values in PM	Janet/TSB	Print edits separately so they are easier to see and you don't have to print so many pages.
PVB004	Proval-Roll HO/CB	Linda/Lincoln	1. Not updating HO values on cat 48. Not updating HO values for new cat 47 on existing MH with HO. 2. Print edits separately so they are easier to see and you don't have to print so many pages.
PVB060	ProVal Download (AS400 to PV)	Geri/Bonneville	When number change to "I", the mother # is being put in the general update file - should not. (Do the same as we do for change to "A".)

<b>Program</b>	<b>Title</b>	<b>Reported By</b>	<b>Problem</b>
PVB060	ProVal Download (AS400 to PV)	Gary/TSB; Sandy/Twin Falls	Changes for ProVal Plus: 1. Sort PVGENUP & PV3TRANS by Trankey and then by Pin. 2. Sort PV2LEGAL, PV5SPLT & PV6SADDR by Trankey. 3. PV6SADDR - insert direction 2 from PM into F6SNUMSUFX. 4. Records in PV6SADDR must have a unique Trankey. 5. PV+ has a larger district field - this is where we store the TCA number. Download entire TCA number now that field is large enough. 6. Have names appear in ProVal like they appear in AS/400 when "%" is used.
PVB060	ProVal Download (AS400 to PV)	Geri/Bonneville	Parcel Master direction 2 is going to the wrong field and house #2 is not showing at all.
RCB003	Roll RC Values into PM	Patty/Gooding; Sue/Valley	Do not list the categories not touched by the roll. (When select to list changed parcels only, have lots of land categories whose value shows as going to zero because they are not touched by the roll - adds pages and is confusing.)
RCB003	Roll RC Values into PM	Janet/TSB	Use member UAVIM/UAVCAT00 to determine categories that could be in the RC files. (So the correct cats will roll in and values will not double.)
RCB011	RC-Parcels with RC Inventory	Teresa/Benewah	Program appears to be overstating the value - may be related to use of PMRCLR.
RCB016	Edit PM Cats with RC Cats	Geri/Bonneville	Not finding all edits with cats 30 & 32.
RCB017	RC-Review Year Edit	Sue/Valley	Not listing sheet # on some of the edits.
RCB018	Apply Mass Market %	Paula/Bonner; Jody/Elmore	1. Requested to only update a specific class - updated all classes. 2. Selected to only update attached carport, which it did, but the report prompts show that detached carports were also selected.
RCB024	List Incorrect Main Improv Base Cost	Tony/TSB	Add a "% Change" column to help identify parcels that may require attention.
SLB006	SL-Category Designator Edit	Buck/CS	Modify to use new sales designator file (UASLDG00) to validate designator used. Add to check for new design #31 - cats 6 & 7 if sales parcel has cats 6 and/or 7 only.
SLB300	SL-Sales Verif Proofing Report	Rhonda/Lemhi	Report does not show that the sale was verified by the buyer, even though buyer was selected in the sales E/U program.
SLB397	SL-On-Line Sales Listing	Buck/CS	Modify to use the new sales designator file (UASLDG00) and eliminate the sales designator table.
SLB400	SL-Average Gross Living Area	Buck/CS	Modify to use the new sales designator file (UASLDG00) and eliminate the sales designator table.

<b>Program</b>	<b>Title</b>	<b>Reported By</b>	<b>Problem</b>
SLB401	SL-Gross Living Area Comparison	Buck/CS	Modify to use the new sales designator file (UASLDG00) and eliminate the sales designator table.
SLB402	SL-Sales Data Sheet	Buck/CS	Modify to use the new sales designator file (UASLDG00) and eliminate the sales designator table.
SLB405	SL-Condensed Sales Listing	Buck/CS	Modify to use the new sales designator file (UASLDG00) and eliminate the sales designator table.
SLB407	Sales List for Public Use	Buck/CS; Sandy/TSB	1. Modify to use the new sales designator file (UASLDG00) and eliminate the sales designator table. 2. Spell out "from" and "to" - they are being truncated.
SLB410	SL-Front End for SLB441	CAs	Include "invalid" sales on SLB441 report.
SLB411	SL - Front End for SLB412	Buck/CS	Check for new design #31 - cats 6 & 7 if sales parcel has cats 6 and/or 7 only.
SLB412	SL-Detail Sales Listing	Buck/CS	Modify to use the new sales designator file (UASLDG00) and eliminate the sales designator table.
SLB418	SL-Sales Change of Use	Buck/CS	Modify to use the new sales designator file (UASLDG00) and eliminate the sales designator table.
SLB429	SL-Front End for Sales Programs	Buck/CS	Check for new design #31 - cats 6 & 7 if sales parcel has cats 6 and/or 7 only.
SLB435	SL-Embedded (Collect Stats)	Buck/CS	Modify to use new sales designator file (UASLDG00) to validate designator used. Add to check for new design #31 - cats 6 & 7 if sales parcel has cats 6 and/or 7 only.
SLB438	SL-Market Adj Analysis Report	Buck/CS	Modify to use new sales designator file (UASLDG00) and eliminate sales designator table.
SLB441	SL-Summary Sales Listing	Buck/CS; Cliff/CS	1. Modify to use new sales designator file (UASLDG00) and eliminate sales designator table. 2. Check for new design #31 - cats 6 & 7 if sales parcel has cats 6 and/or 7 only. 3. Download all land categories (add cats 1-10 to those put on the tape.)
SLB444	SL-Sales Cover Letter & Verif	Lisa/Fremont	Redesign the form to have the option to print the verification on blank paper on a laser printer. **Need to have Client Access 5.0 or higher installed. May not work with some HP DeskJet printers (700 series, 820C, 1000C & 2200 series printers may cut off the right hand side.) See the program documentation out on our website.

Program	Title	Reported By	Problem
SLB448	SL-Sales Verifications	Lisa/Fremont	Redesign the form to have the option to print the verification on blank paper on a laser printer. **Need to have Client Access 5.0 or higher installed. May not work with some HP DeskJet printers (700 series, 820C, 1000C & 2200 series printers may cut off the right hand side.) See the program documentation out on our website.
SLB449	SL-Embedded in SLB415	Buck/CS	Modify to use the new sales designator file (UASLDG00) and eliminate the sales designator table.
SLB450	SL-Print Histogram/Freq Distribution	Buck/CS	Modify to use the new sales designator file (UASLDG00) and eliminate the sales designator table.
SLO410	Sales Data Entry	Buck/CS	Add new desig #31 - cats 6 & 7 if sales parcel has cats 6 and/or 7 only.
SLO414	SL-Sales Data Update	Pauline/Nez Perce	The program is auto updating the designator field. Should not overlay any existing designators.
SRCSV	Initialize & Save UADLIB	Linda/Owyhee	Code is very old - it is trying to save at V4R2 when it was compiled at V4R4. Save at *current.
SRCSV	Initialize & Save UADLIB	JoAn/Clearwater	When select the option to save UADLIB, receive an error msg.
TAO670	Tax Anticipation E/U	Janet/TSB; Marilyn/Gem	1. Needs on-line help. 2. When F5 for receipt, brings up "Payor Mailing Address" box. Does not tell you what to do from there - like "enter for receipt". 3. F13 for inquiry shows nothing. 4. If don't fill in a type, lets you F5 & enter, but then it edits for "no type". 5. Could change the "date received", but it wouldn't let me enter until I put a current date. 6. If reprint a receipt, it gives the transaction a new number - keep old receipt transaction number. 7. Prompt for number of copies of receipt.
TXB006	CB Final Roll	Janet/TSB	1. Change verbiage on main screen to say "Do you wish to update Taxmaster?" 2. On balance sheet: a) remove the "Gross" & "Net" columns - only need to balance schedule reduction; b) Print the "total # of applicants" on the signature page & on the balance sheet. 3. Update documentation.
TXB011	Tax Roll	Janet/TSB	1. Program is giving a data decimal error. 2. Sort by name is not working correctly. 3. Update programmer doc.
TXB017	TX-Change Receipting in Mass	J'Lene/Fremont	Add option to update by transaction number.
TXB019	TX - List Tax Records with Comments	Fae/Gooding	NEW - list tax records with a Treasurer comment. Allow to select by specific comment, tax year and limits.
TXB020	Tax Due Summary	Geri/Bonneville	Program is not defaulting to current tax year.
TXB021	Daily Cash Journal	Sally/Washington	Include "Tax Type" on the report and add to the sort options.

YDB423	Edit Mill Data	Connie/Lewis	Printer prompts are coded as mandatory entry fields - should not be.
YDB424	List Mill Data by Mill	Karen/Benewah	Add prompt to ask for parcel status (A or I). (When an active parcel, which has mill data, is split to inactive, it copies the mill data to all inactive parcels.)
YDO095	YD-Update Stumpage Values	Sharon/Idaho	Give an on screen example of how the pulp/ton amount should be entered.
